HYDRAZZO

High Performance Polished Marble Pool

Aquavations Hydrazzo Polished Marble pool finish is a swimming pool surface of specially blended white marble aggregate, white portland cement, graded color aggregate, and proprietary ingredients. This product produces the smoothest non-slip natural finish available, and it's unique formulation provides resistance to spot etching, permanent scale and algae adhesion. Roughness complaints are eliminated as the surface can be easily polished to a uniform luster. Aquavations Hydrazzo is ideal for new or existing commercial applications.

- Smoothest Exposed Aggregate Surface Available
- Time Proven Natural Ingredients
- Resists Permanent Algae and Scale Adhesion

With unique color selections and natural variegated appearance, Hydrazzo compliments all poolscape designs.

HYDRAZZO

Toughness Without Roughness. A Smooth Finish...

Due to our longstanding relationship with Aquavations the manufacturer of Hydrazzo Pool Surface, we have an exclusive extended warranty to our customers. The manufacturer offers a 10 Year Warranty, but as one of their oldest and most trusted Certified Applicators, we offer an additional 10 Year Extended Warranty. This is offered at no additional cost to The Pool Works customers.
