## Splash Pads & Water Features

Commercial Splash Pads and Interactive Water Features are made of highly durable stainless steel that is powder-coated in variety of colors. These systems are a safe, affordable, and exciting enhancements to your CDD, Condominium, Townhome, Home Owner Associations, city park, community shopping center, amusement park, hotel or resort.

Create your own custom solution! It's as easy as 1 – 2 – 3...

1. Design a shape and environmental elements
2. Choose water features and color scheme
3. Enjoy a play area, where happiness is measured in smiles!
